The Round Valley Trail has two access points: south of the Sonic on the Tonto Apache Reservation and south off of Phoenix Street, in the future Forest Edge Subdivision, on S. Gibson Court. Trail users will enjoy fantastic views of the Mazatzal Mountains and Granite Dells, as well as the Mogollon Rim, from this route, which connects with the Round Valley area at its southernmost point.

This is an extremely popular route for motorized vehicles, so expect to see all types of trail users.
